

GREEN KNIGHT

Brenda Meade

Brenda,

You are one of the cutest and sweetest I shall I say, nutty girls I have ever known. Always stay that way because without you what would this world be like.

Always remember our good times during our childhood and our growing up days. Even though we have had our little spats always remember all of our times together. I look upon those days with you as fun and I shall always remember them.

I am not going to say bye because I will be seeing you after I do graduate. Just remember that sometime soon you will be in my place too.

May you find that certain someone and I pray that you find and keep every happiness. I just hope that you find someone that will give you all the happiness that you deserve.

Always remember me as the girl who is in love with Larry because I am. I hope that you and yours will find as much happiness as I have had with Larry. I can only say that if you do you can consider yourself proud and lucky (I am w/ Larry.)

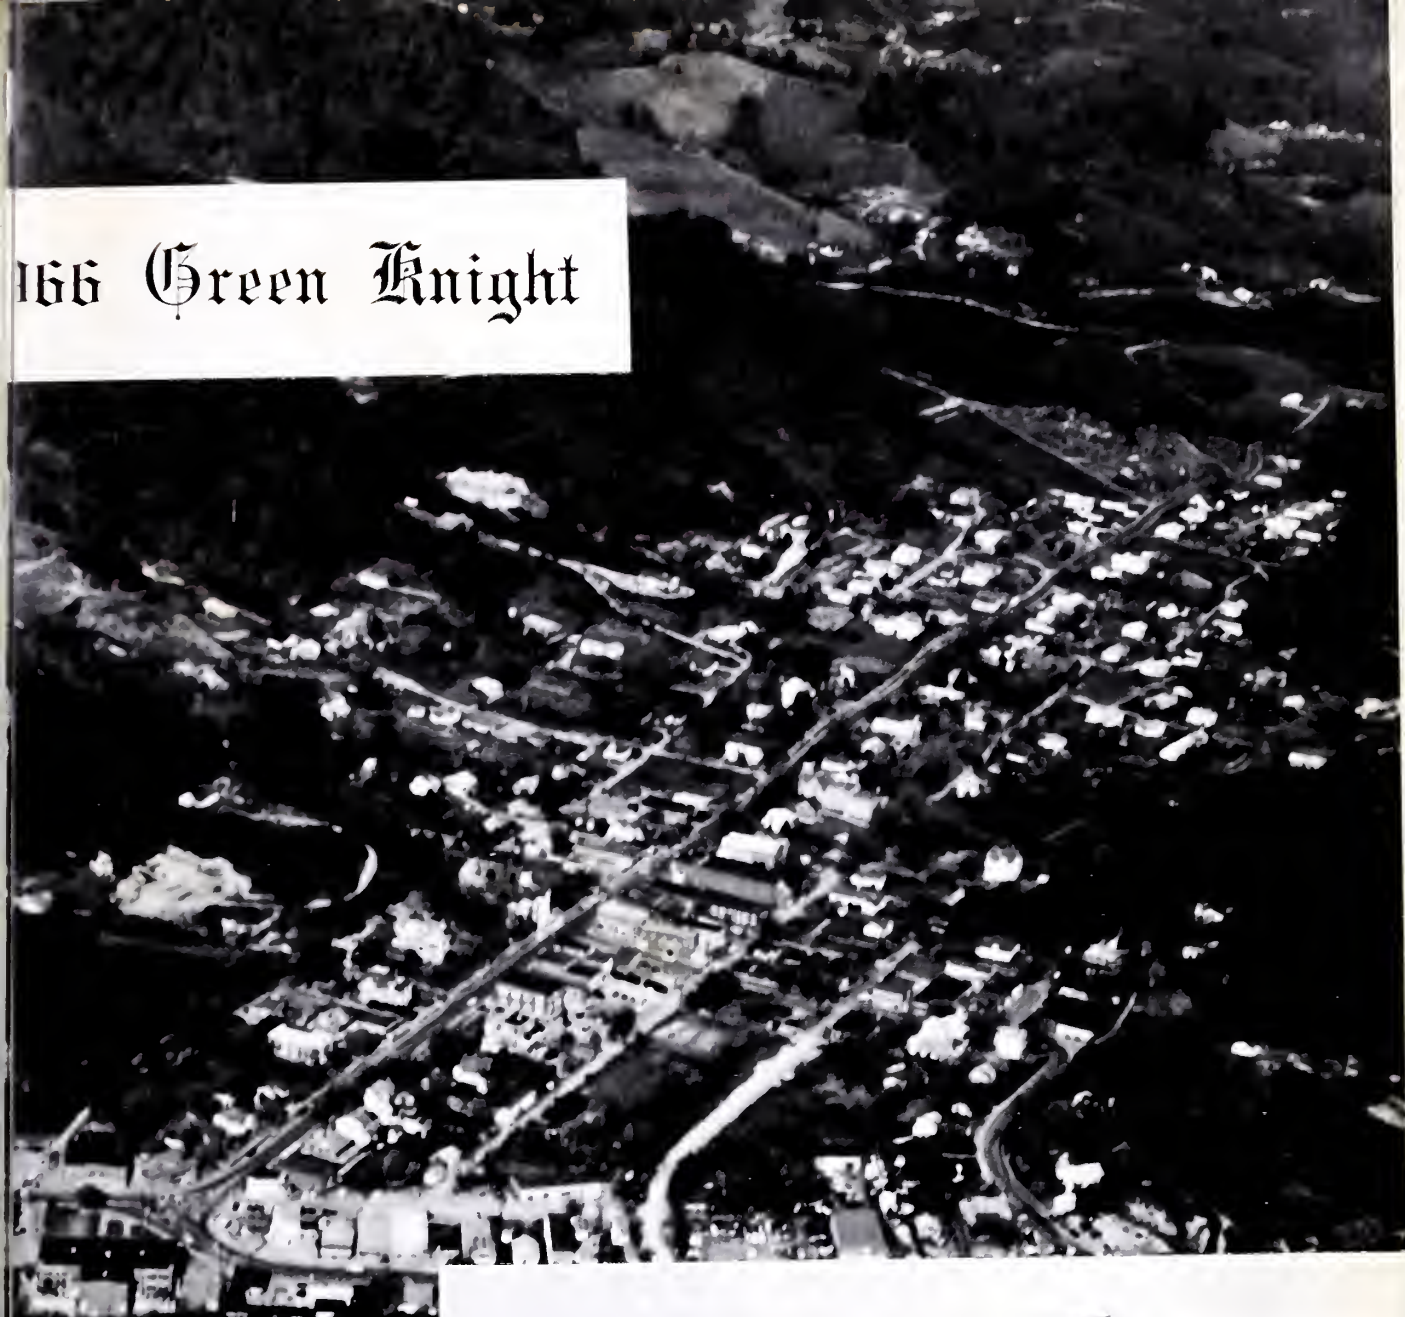

Always remember our good times at the football games. I hope you never forget the time you almost broke your toe at a basketball game. (Hw)

Well, see you in your dreams (Hw)

Love,
Linda

P.S. I didn't mean to write so much I just got carried away. Please forgive me?

166 Green Knight

Foreword

The pathways through high school are memorable ones. We hope that through this book, we have portrayed a span of these pathways to the future upon which each of us travels.

Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway--each leading to some goal set by those who are traveling upon it.

Just as some roads are unpaved, so are some pathways to success unpaved. There are many rough and threatening sections. However, if the goal is kept in view, all difficulties can be surpassed, and the pathway will have served its purpose of furnishing a means of guidance.

We are proud of our faculty who are guideposts along our pathway through high school. Without them our journey would be useless.

With all these things in mind we present to you the 1966 Green Knight.

Administration

MR. HOWARD DEEL - Principal

Principal's Message

At moments like this, it is only natural to think back through the years you have been at Clintwood High School. We hope these years have challenged you to do your best. The world now demands the best from each of you; "getting by" won't do for those who hope for success. Aim high so that you will achieve the highest within you, so that you will have a rich full life.

Howard M. Deel

Always interested, always busy, Mr. Deel keeps Clintwood High School operating smoothly and efficiently. The office of principal requires devotion to one's work and interest in students.

Congratulations, Mr. Deel, for a job well done!

SPONSOR - MISS JAMIE McCOY

Hours of laying out, typing, proofreading and picture taking were put in by this year's Green Knight Staff.

We now look back and realize that the panic sessions, the mounds of photos and paper, and the gray hairs added to Miss McCoy's head represent to us the high point of this school year. Indeed, we sincerely hope that you, the reader, will enjoy reliving a few moments of this year with the compliments of the 1966 Green Knight Staff.

Brenda,

You ARE a wonderful girl ^{and} a very dear friend. We almost became sister-in-laws but like I said (almost.) Maybe something will turn up in the future. If not take care of Larry and make him behave himself. I'll never forget your wonderful smile ^{and} personality. Don't ever change them because life would be very sad and lonely without people like you, who are always happy and gay. It seems strange for me to be writing and telling people bye but my turn has come ^{and} Brenda honest, I'm going to miss you very much. I love you very, ~~very deeply~~ and I always will.

P.S. Brenda I'm not very good at expressing my feelings but I think you know them, so try to get some sense out of this. O.K.?

I Love You Sis!!
